#### Description:

**Review** A totally comprehensive and practical treatment of a common and very serious behavior problem,. Jean Donaldson translates complex animal learning theory into usable procedures without sacrificing scientific accuracy. Anyone who works with dogs will benefit from reading Mine -- Suzanna Hetts, PhD, author of Pet Behavior Protocols

Once I started reading it, it quickly became apparent that this book should be mandatory reading material for virtually every dog owner. Brenda's description of the canine language and the contexts in which they occur is very well documented. --Ali Brown, author of Scaredy Dog! Understanding & Rehabilitating Your Reactive Dog

**About the Author** Author Jean Donaldson has over 30 years experience in dog behavior and training. As the Founder and Director of the San Francisco SPCA Academy for Dog Trainers, Jean leads a new generation of dog trainers to better understanding of the research and science of canine behavior. Jean's award winning book, *The Culture Clash*, is a pivotal book in the dog trainer's library because it called into question many sacred assumptions about the origins of behavior and behavior problems. Jean lives in the San Francisco area with her Chow Chow, Buffy.
